Description: Magenta Safety Training offers a program that is run in secondary schools for students completing VCAL as part of their year 10-12 studies.

Students will enroll in 180-200 hours of training from the Public Safety Training Package – PUA20713 Certificate II in Public Safety (Firefighting Operations).

Students have the option of taking the program for one year and gaining 8 units from the qualification, or completing two years and gaining the full Certificate II qualification.

How does the program run?

- Trainers from MST will attend the school once a week for six months,
- The program involves both theory and practical training sessions
- Students will receive a workbook to complete throughout the program
- Students will also complete competency based assessments throughout the program
- All firefighting equipment used is supplied by MST, and is of the current standard being used by Victorian fire services
- While the training is based around the firefighting training package, the knowledge and skills that are taught are transferable to almost any industry
