

# Local Employers

**We need you!**

## Would you like to:

- Attract young people into your industry?
- Promote your industry as a career pathway?
- Increase young people's self esteem and motivation?
- Identify young people that may become future employees?
- Help keep young people in education, training or employment?

## We have a number of young people looking for:

### Structured work placement opportunities

Gives students undertaking a VET or VCAL program the opportunity to apply what they learn in school in an industry specific workplace.

### School Based Apprenticeships and Traineeships

This provides students with the opportunity to combine part time employment, school and training at your workplace two days per week.

# Employer Expression of Interest

*Is your company interested in hosting students for a work placement?*

If so, please tick which option best suits your company (you may tick more than one box):

**Structured Workplace Learning (SWL) placement**

Gives students undertaking a VET or VCAL program the opportunity to apply what they learn in school in an industry specific workplace. Placements can be flexible to work around you, some placements run throughout the school term, one day per week.

**School Based Apprenticeships and Traineeships (SBAT) placement**

SBATs enable students to gain a qualification while completing their school studies. Students will attend a workplace/training provider one or two days a week and continue their studies at school for the remaining three days to obtain their year 12 certificate and a nationally recognized qualification. This provides students with the opportunity to combine paid part time employment, school and training at your workplace two days per week.
